

1936 Rolls-Royce 20/25 Landaulette

Six Seat Limousine - Coachwork by Thrupp and Maberley

Interior of the
Rolls-Royce
20/25 Landaulette

This immaculate Rolls-Royce Limousine is equipped with the extremely rare 'landaulette' coachwork which enables the rearmost convertible section of the roof to be easily lowered. This provides a good opportunity for photos of the Bride and Groom without necessarily leaving the hood down for the whole journey to the reception. Either way the hood can be easily and quickly raised to return the rear to a closed limousine compartment. The passenger compartment includes two occasional seats and all have recently been retrimmed in ivory leather. A sliding glass division separates the chauffeur from the passengers. An unforgettable vintage experience!
