

# 1956 Rolls-Royce Silver Wraith

## Six Seat Limousine - Coachwork by James Young

Interior of the  
Silver Wraith

This magnificent long wheelbase Rolls-Royce limousine was originally the 1956 Earls Court Motor Show car prior to being owned by HRH Princess Alexandra until 1968.

The sumptuous rear passenger compartment has been completely retrimmed in ivory leather to complement the polished walnut occasional tables and cocktail cabinet. The twin occasional seats allow for an extra two people to be accommodated in the rear whilst an electrically operated glass division separates the chauffeur from the passengers.

Recommended 2nd car
